In-service training report (filled by the trainee's adviser)

Candidate number	684511
Name of the trainee	Ioan CURSARU
Training period (from/to)	01/03/2020 - 30/09/2020
Directorate-General	Internal Audit Service
Service	Quality Assurance, Resources, Administrative coordination and Communication
Name of the Adviser	Patrick DE BOOM

Task description

Ioan (Andrei) CURSARU has been a great help with the 2019 IAS Annual Activity Report, the 2020 - 2024 Strategic Plan and the 2020 Management Plan, especially with visual material and graphics, but also with the effective drafting and proofreading of parts and sections of the text. He is also a key team member in the organisation and agenda of the 2020 International Audit Conference for 18 November 2020 and contributed actively to the IAS 20th Anniversary History Book.

This is remarkable for a trainee with no prior experience in auditing or with the IAS. He responds fast, agile and accurate to the tasks entrusted to him. We all learned from Andrei regarding data analytics and visualisation. He understood very quickly the strategic perspective of the mission and work of the IAS. He is an excellent team player and was very quickly integrated into the team. He also managed to be very much appreciated by other parts of the IAS, including the senior management team. I think Andrei has learned a lot in a very short time. We benefited all from project management skills (btw, not only us, because he was in the meantime also the organiser of the trainees job fair).

Adviser's appreciation

Andrei is in many ways top notch. Whoever will recruit him after this (double) traineeship will have a good colleague and good performer. He is a fast learner.
